Molex has been very satisfied with Max I Walker!

They are very responsive if an issue arises. Before we returned to Max I Walker from Cintas Uniforms, we had countless issues. We had employees that even after months of working still didn't have their uniforms.

Our other company's bills always needed to be adjusted, as they were not charging us correctly. We spent many hours a week dealing with our uniform company.

Now things really seem to be working very smooth. Max I Walker's uniform driver has a great relationship with many people within Molex and knows them by name. We are very happy to be back with Max I Walker Uniform Service.

Sincerely,
